To,  
The Head of The Department,  
Department of Mechanical Engineering,  
Anil Neerukonda Institute of Technology and Sciences  
Visakhapatnam.

Sub: Request for consideration, to help support a startup.

Dear Sir,

I, Sushant Paul of Mechanical A, roll no. 319226520050, have co-founded a startup named Meta Comic which deals with web 3 Fintech and GPS Fleet Tracking System.

Our web3 services, we help businesses leverage the power of decentralized systems, blockchain technology, and smart contracts to optimize their operations, reduce costs, and improve transparency and security.

Our fintech services are designed to help businesses streamline their financial operations, improve cash flow, and stay compliant with regulations. We offer solutions such as online payment processing, digital wallets, and automated invoicing to help businesses manage their finances more efficiently. We have been working in 16+ countries involving financial transactions worth 160 crores.

Our software solutions are tailored to the unique needs of businesses in various industries. From custom software development to off-the-shelf solutions, we provide businesses with the tools they need to improve their operations and gain a competitive edge.

Our supply chain management services are designed to help businesses optimize their supply chain, from procurement to logistics. We offer solutions such as inventory management, order tracking, and supplier management to help businesses improve efficiency and reduce costs.

Our vehicle tracking services offer businesses the ability to track their vehicles in real-time, optimize routes, and improve delivery times. We provide businesses with the tools they need to optimize their fleet operations and improve customer satisfaction. My co-founder from Vignan Engineering college was able to gain the support from his college which was proud of his involvement in the startup, by offering a contract for the college buses. Furthermore, a contract from Piqyu is awaiting affirmation.

Being a student at this prestigious College, I would be privileged to be given a chance to prove myself in offering the same services of GPS Fleet Tracking System.

Request to kindly consider and oblige.

Thanking you.

Yours sincerely,

(SUSHANT PAUL)  
Co-founder
